WORK EXPERIENCE

Senior Artificial Intelligence Consultant | Inspire AI Solutions

March, 2020 - Present

Lead consultant specializing in AI-driven digital transformation for major clients across finance, healthcare, and retail sectors.

- Advised Fortune 500 companies on the implementation of machine learning and data science solutions
- Developed advanced predictive modeling frameworks, increasing client operational efficiency by up to 30%
- Conducted executive-level workshops and technical training sessions on AI technologies
- Designed strategic AI roadmaps aligned with clients' business objectives
- Championed a culture of creative problem-solving within consulting teams

AI & Data Science Lead | NextGen Data Analytics

July, 2016 - February, 2020

Oversaw a team delivering end-to-end AI and data science solutions for enterprise clients with a focus on innovation and measurable ROI.

- Managed cross-functional teams in the development of custom machine learning pipelines
- Collaborated with C-level stakeholders to scope, plan, and execute AI projects
- Authored whitepapers on emerging topics in deep learning and AI ethics
- Instituted quality assurance processes for data-driven deliverables

Machine Learning Engineer | BrightMind Technologies

August, 2013 - June, 2016

Developed and deployed machine learning algorithms to support business automation and intelligent services.

- Designed and implemented scalable supervised and unsupervised machine learning models
- Preprocessed and analyzed large datasets to extract actionable insights
- Integrated AI features into existing software products

CERTIFICATIONS

Certified AI Professional (CAIP) | AI Institute of America

June, 2019

Credential in advanced AI methodologies, ethical AI, and real-world application.

AWS Certified Machine Learning – Specialty | Amazon Web Services

November, 2018

Validates expertise in building and deploying machine learning models on AWS.

EDUCATION

Master of Science Artificial Intelligence | Columbia University, New York, NY

September, 2011 - May, 2013

SKILLS

Artificial Intelligence Consulting | Machine Learning Algorithms | Deep Learning & Neural Networks | Data Science & Predictive Analytics | Natural Language Processing | Cloud AI Platforms (AWS, Azure, GCP) | Python, R | Data Visualization | AI Strategy & Roadmapping

SOFT SKILLS

Energetic and persuasive communicator | Innovative problem-solver | Strategic thinking | Team leadership | Client relationship management | Adaptability | Presentation and workshop facilitation
